

Ascension week

From Sunday morning 16 to Saturday morning 22 October 2022

An inspiring and transformative week for young adults

The Light-Centre Anandamath is delighted to invite you this Fall for a unique gathering of inspiration, re-discovering the true meaning of life, return to self and a deep exchange of friendship within oneness.

These days are dedicated to re-discovering our essential nature as Light Beings. During this week, the Friends of Light, the Brotherhood of eternal guides of humanity, guide us step by step on the path of the heart and unity. Through the sharing of silence, light, love, direct and personal inspiration, joint meditations, ritual (Puja and Yagya), singing together, contact with nature and deep exchanges from heart to heart.

The guidance of the Friends of Light manifests during the moments of deep silence, where we listen to Being, our divine essence. The Friends of Light speak through Agnès, messages of love and unity that resonate in the hearts of all. Included in the week is a session with the 'Chair of ascensional light'; instrument of Grace, healing, and harmonization.

The vision of the Friends of light for this Ascension week

“Our intention is to accompany those who will come to another perspective, another viewpoint, and the concrete application of this viewpoint. This brings to another relationship with Life, another depth of richness, the concrete realization that « everything is possible ».

To live from the evidence of Union is very rich and very demanding. Life is meant to be lived from Passion; this passion born from Love interacting with itself through incarnation. Incarnation has so much beauty to offer.”

“The gift is given within intensity. Intensity in the gathering is the basis for transformation. This is not a gathering based on a lukewarm attitude, but based from the deep and clear choice to explore the depth of Silence, the depth of Love, the depth of Life.”

"Coming back home, this is the invitation. Coming back home because the valley, nature in this precise place on the surface of the earth, has chosen to come back home. To go beyond the limitations of time and space. To bring with yourself anyone who comes and so desires beyond these limitations. To clearly consciously remember 'I am that'. This is what I am, this complete simplicity. This unbounded love, this openness, this field where everything is possible. This is home."

"Understand that the invitation is nothing abstract. We do not offer concepts or understandings or stories or beliefs. We offer the fullness of silence and within the fullness of silence is the most beautiful song. This song is the basis and the source of all creation. It is huge and simple. We do not offer complications or hardship; we offer to remember perfection. Nothing is as simple as perfection."

"Our invitation invites to boldness. To be bold to let go of what we think we know, what we think we understand, how we think it all works. What we want to offer is very concrete, it is the art of living, the art of being incarnated. This is the biggest gift: to be incarnated. To have this body of love and light. And to allow the structure of the body to remember that it is love and light. Then everything is possible. What we give is very concrete, it is the art of incarnation through the heart understanding that art. Find it back: the way of incarnation, the way of life, full of vitality, of wisdom, of discoveries, of wonder and of pure joy. Attention gives life. Our gift is to help you to find back the art of attention."

Within the week we will grow in depth. For this those coming will be completely free from any drugs since at least 3 months. This is important for the group and for the Center. For one week, those coming trust in the Divine intelligence and trust that all given to them, and the way of giving is just the best suited."

"We rejoice in offering the gifts."

Come for reconnection with source, to open to the essential beauty of life within unity. Enliven the reality of light for yourself, for humanity and for the earth.

We would love to see you from Sunday morning 16 Oktober until Saturday morning 22 Oktober.
